The TangleTown Brag Book is the latest in Zentangle storage technology! These hand-made mini albums are an elegant, portable way to show off your work.

No longer must you carry around a bulky binder, glue your tiles into a scrapbook, or stuff them into photo slots that are too deep. With just one tile per page, the TangleTown Brag Book fits in the palm of your hand, and gives each work of art the individual attention it deserves.

Simply slide your tiles into the clear plastic sleeves, where they'll be held securely, displayed beautifully, and protected from the elements! Each pocket opens next to the spine, so your tiles can't fall out, yet they remain easily interchangeable without damage.

The all-black color scheme ensures that the off-white color of standard Zentangle tiles will look sharp and stand out. You can even personalize your front cover with a tangle using a silver Sharpie or paint pen.

MATERIALS

These albums are hand-made. The card stock pages as well as the polypropylene sleeves are archival quality and acid free, to protect your tangles for years to come.

CAPACITY

12 Pages - Holds 24 Zentangle tiles (front and back of each page).

MANUFACTURING

Since these albums are hand-made, bulk orders may take a few weeks to fulfill.
